

## ROUTE SUMMARIES

### **Dave and Fred's Excellent Adventure**

Begin at Fred's Restaurant in McEwensville, go past Dave's Bike Shop (better yet, stop in), then head out for a ride in the countryside outside of town. This is a relatively easy seven mile loop with several short climbs.

### **Defenders' Challenge**

Our most difficult ride, this loop will really test your abilities. You'll see some of the best scenery that the Warrior Run area has to offer, including the Muncy Hills, valley farms, and river views, but you'll pay for it with several long, hard climbs and over 23 miles of riding. Some sections are unpaved. Detour into Montgomery for supplies and a bathroom break halfway through the loop.

### **Head for the Hills Loop**

See some of the prettiest panoramic views in the region and spend some time in PA State Game Land #325 and the Muncy Hills. There are no services available along this 15 mile loop. Much of the ride is on unpaved roads with numerous climbs and descents, so come prepared to tough it out. Don't count on cell phones to work here.

### **Limestone Ramble**

Tour the rolling farmlands near Turbotville, Limestoneville, and Washingtonville on this 18 mile loop. Be sure to stock up on supplies in Turbotville or Washingtonville or at one of the local Amish or Mennonite roadside stands.

### **Spring Garden Ride**

A gorgeous ride from Allenwood to Elimsport along White Deer Hole Creek at the base of White Deer Mountain, you'll enjoy beautiful views of state forest lands on the mountain and rolling farmland and streamside forests in the valley. Though fairly level, this roughly nine mile ride (18 if you go out and back) follows several sections of unpaved roads.

## ROUTE SUMMARIES (continued)

### **Sunset Circuit**

This eight mile loop is a great ride for residents of Watsonstown, Dewart, or Delaware Township (or anywhere else) to do in the evening after work. Not too long, not too many hills, just a quick ride through some very pretty country.

### **Wanderers' Loop**

Taking off from PPL's Montour Preserve, this 14 mile loop rolls through the hills and farmlands surrounding the Preserve and the Exchange area. Moderately difficult, expect some climbs.
